

Hackwood Pk Friday 13 January

5.5 mile walk in Hackwood Park and surrounding area, postponed from what would have been a very wet day, to a beautiful Friday morning. With the sun shining and a pretty strong wind, 5 walkers set off from the lay-by on A339 directly into Hackwood Park with great views and good paths. After leaving the Park, we walked along field paths and through peaceful woodland. There were signs of spring with a few snowdrops and many catkins to be seen. The only muddy section was the Three Castles Path, but we could detour the worst section. A very enjoyable and varied walk.
